### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The above amendments were made to correct minor informalities (including improper multiple dependent claims) and were not made to avoid a prior art rejection.

As noted in the previous action, the prior art fails to disclose or suggest a material having the recited x-ray diffraction pattern.

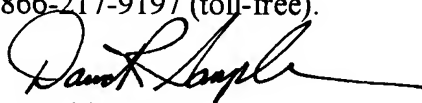

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
